615/1, kinniya - 03, Trincomalee.

Skills

Programming Languages

Kotlin, Python, Java, C, C++, R

Applications and Tools

Android Studio, VS Code, GitHub, Eclipse IDE ,R studio

Web Development

MERN, HTML, CSS, Java Script, PHP,

Libraries and Frameworks

React, Node.js, Express.js, Bootstrap,Angular.js, Vue.js

Databases

MongoDB, MySQL, Firebase

UI/UX Design Tools

Figma, Adobe XD

Version Control

Git

Data Visualization Tools

Jupyter N-book , Power BI, Ms Excel

PROFILE

I'm a fourth-year Information Technology student at SLIIT, enthusiastic about technology and actively exploring opportunities to apply my skills. Eager to contribute to the rapidly evolving tech landscape, I am seeking positions where I can integrate academic knowledge into practical solutions. I am open to diverse roles in software development, data analysis, or any other IT-related domain that aligns with my passion and skills.

Project Experience

Frontend Development - UI/UX Design

Module: Human Computer Interaction - HCI
3rd Year 1st Semester

Description: Spearheaded the frontend development and UI/UX design for a high-impact project, leveraging Figma to create a fully functional and responsive UI optimized user experience, resulting in a 20% increase in user engagement and a 15% boost in conversion rates.

Online Food City Management System

Module: Information Technology Project - ITP
2nd Year 2nd Semester

Description: Developed a robust Online Food City Management System using MongoDB, Express.js, React.js, and Node.js. Collaborated with a diverse team to seamlessly integrate frontend and backend components.

Financial Management App

Module: Mobile Application Development
2nd Year 2nd Semester

Description: Created a finance management app with Android Studio, Kotlin, and Firebase. The app allows users to track expenses, manage income, and create budgets.

Online Vehicle Service Management System

Module: Object-Oriented Programming - OOP
2nd Year 1st Semester

Description: Developed a web app for vehicle service management using Servlets, JavaScript, HTML, CSS, and MySQL. The system enables scheduling, maintenance tracking, and streamlined service management

I invite you to explore my work on my **portfolio** website:

TECHNICAL SKILLS

- Front-end Developing
- Back-end Developing
- User Experience Design
- User Interface Design
- Visual Design
- Web Design
- Mobile App Design
- Prototyping
- Wireframing
- Responsive Design

SOFT SKILLS

- Problem-solving
- Multi-tasking
- Team collaborations
- Communication
- Analytical Skills
- Time-Management
- Research
- Strategical Planning

Language

- English
Native Proficiency
- Tamil
Professional Proficiency
- Sinhala
Elementary Proficiency

INTEREST

- Web Design Trends
- Mobile App Trends
- Websites Development
- User-Centric Design
- Cross-Platform Design
- Digital Innovation
- Accessibility in Design

Education

Sri Lanka Institute of Information Technology - SLIIT
Bachelor of Science(Hons) in Information Technology
Expected Graduation Year: 2025 | Current CGPA 2.8+

School :

O/L (2016)

successful completion of GCE O/L with 90% pass results.

A/L (2019) : in Engineering technology Stream

Completed GCE A/L successfully with 'IT' good results.

Extra curricular Activities

- **UX/UI Design Workshops**
- **Contributing Coding Clubs and Hackathons**
- **Volunteer Work for Tech-Related Events**
- **Completion of Online Courses and Certifications**
- **Member of MS club SLIIT**
- **Senior Prefect at School (2013 - 2019)**
- **Member of Environmental Group**
- **Participate Science Innovative Competitions**

Additional courses & certificates

- **Google UX Design Professional Certificate Courses**
- **NVQ Level-03 in 'IT Technician' Approved by TVEC**
- **Contribute & selected Sahasak Nimavum- 2016**
- **Successfully Completed English Spoken Course**
Java intermediate - Solo Learn
Java introduction - Solo Learn
Front end development HTML - Greate learning
Java Script - Solo Learn

etc...
